School Classrooms To Open August 29

Canyon Independent School District will open the doors for an estimated enrollment of 2,600 students on Monday, August 29, according to Huelyn Laycock, superintendent of schools.

Classes at each of the four schools will open with a regular full day of classes including the operation of school buses and the serving of lunch in the school cafeterias.

Registration for school will be held Friday and Saturday, August 26-27, at each of the schools in the district including Gene Howe and Rex Reeves Elementary, Canyon Junior High School, and Canyon High School.

All new students enrolling in the public schools should report to the principal's office of the school they will attend as soon as possible according to Laycock. New students will need to provide a statement from their doctor showing that they have been immunized against small-pox and diphtheria, a birth certificate (available from the county seat where birth occurred) and a transcript of previous grades.

School activities will open with a general faculty meeting

Taxpayer League To Meet

The Executive Board of the Randall County Taxpayers League announces a meeting to be held Tuesday, at 7:30 p.m. in the Junior Livestock Building.

According to B. E. McCormick, a report will be given and discussion will be held on future legislation in relation to valuation.

An amendment to the State Constitution which comes before the voters in November proposes "to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes in the consideration of only those factors relative to such agricultural use."

McCormick urges all members of the League and interested persons to read Amendment Number One as it appears on Pg. 6, Section 2, of this newspaper.

Rain and hail measuring in diameter from pea to golf ball size fell west of Canyon in the Wildorado and Dawn communities Sunday afternoon.

Most insurance agencies in the city said very little damage was reported, however one company estimated claims caused by the storm would total upwards of \$100,000.

The hail followed a path along the highway to Dawn and branched out to about a ten mile swath, stripping trees and breaking windows.

Keith Duderstadt, who manages the Co-Op Elevator at Dawn, said only an inch of rain was recorded in that town, but at another elevator fifteen miles north of Dawn, the office building windows were shattered by hail.

He said the crops in the area looked as though a shredder had been run through the fields.

One farmer near the elevator, he noted, received two and three quarter inches of moisture but that the Co-Op rain gauge was shattered by marble sized hail.

Truman Miller, who was traveling from Dawn to Wildorado following the storms, said crops in the fields were standing in water and had been severely beaten down by the Sunday hail.

Anton Handing, twelve miles west of Canyon, reported about .80 inches of moisture and said golf ball sized hail stripped his soy bean crop and broke several windows in his garage.

About .40 inches of rain was

recorded at the Forrest Gruner home east of the city and the gauge at the Randall County Courthouse indicated .50 inches had fallen Sunday.

Recent rains in the Randall County area will benefit both farmers and ranchers, said County Agent John Brazzil.

"Although we are not wet across the entire county," he said, "the areas where moisture has fallen will help grain sorghum and forage crops and will put moisture in the soil for wheat planting."

About one half inch was recorded in the city Tuesday night and only a trace the night before. Edgar Robinson, south of Canyon, received 1.25 inches for both Monday and Tuesday.

Two miles west of Happy 1.10 was received but the moisture seemed to play itself out as the storm moved east. Only .20 fell at Charlie Conatser's east of Canyon.

Area Democrats Select Miller To Oppose GOP's Bob Price

Panhandle Democrats placed Dee Miller of Amarillo in the driver's seat for the 18th Congressional District race against Republican Bob Price of Pampa, Monday evening.

Miller, who received the nomination on the fourth ballot, takes up the campaign in place of Walter Rogers of Pampa, who withdrew from the race on July 31. Rogers has served the 18th District for 16 years.

Meeting in the Frontier Room of the Holiday Inn West in Amarillo, 30 County Chairman spent almost three hours nominating, voting and agreeing to pull together to win in November. The suspense-filled meeting

WILL DAVIS OF Austin, State Democratic Chairman, is shown with Mr. and Mrs. Dee Miller of Amarillo following Miller's nomination as the Democratic candidate for the 18th Congressional District race. Miller replaces

was opened by Will Davis State Democratic Chairman who said, "It is my duty to notify the county chairmen of the date, time and place of meeting. This I have done."

To be sure all counties in

the district were represented, the roll was called. With the exception of Leo Witkowski of Hereford, all were present. Voting by proxy for Deaf Smith County in place of Witkowski was Lewis Woodland.

Davis appointed Baughman temporary chairman and Jimmy Thompson of Gray County followed with a motion to make Baughman permanent chairman of the session. (See AREA, Page 2)

Board Charges Barber

Ted J. "Sustie" Wynn, Canyon barber, charged the State Board of Barber Examiners with harassment because he would not raise prices to those of other barbers here.

In charges against Wynn, the State Board said, "You failed to wash or cleanse your hands before serving a customer; you failed to sterilize your instruments, to wit: razor, comb, shears and clippers; and you used a towel on a customer which had not been boiled or laundered since last used, this on March 23, 1966."

Wynn and his lawyer E.H. Lindsey appeared before the Board in Austin Monday. The Austin group will announce its

Officers Search For Man

Canyon Police are currently searching for a man who indecently exposed himself to two girls Tuesday morning in the vicinity of Canyon Junior High School.

The girls, ages 13 and 15, said a white male about 18-years-of-age called them to his car, and after exposing himself, drove away.

The automobile, thought to be a 1959 white over tan Chevrolet Impala, is a two-door and has fancy hub caps.

The man is described as being about five feet eight inches tall, has dark or black hair, was wearing black rimmed glasses with thick lenses and had several acne scars about his face.

Anyone seeing the vehicle or occupant is asked to write down the license number and call Canyon Police immediately.

CITY GROWTH was discussed Monday by members of the City Commission and city planner Marvin Springer, left. Discussing a map of Canyon and the surrounding area is Mayor Paul

Lindsey and Gary Gwyn, city manager. Springer discussed rezoning and growth with the commission. (See CITY, Page 2)

City Planner Opposes Proposed Rezoning

Marvin Springer of Dallas, who is preparing a master plan for Canyon, told city commissioners he did not favor a proposed rezoning to commercial and industrial from residential in the northern section of the city.

"The total area of land which you are considering," said Springer, "is too large to rezone."

He cited too many houses in the proposed rezoning area

and the "adverse" effect on property owners.

Springer told the commission he would submit a letter fully explaining his position on the rezoning and a map with alternatives as to where future zoning might be planned.

For structures such as the Randall County Junior Livestock Building, Springer said he would recommend "specific use permits" that were not for residential or commercial uses.

"Of course," he said, "no matter how many uses you put in, someone will come up with a new one."

Several Canyon property owners in the area met in July with the commission and voiced their protests to the rezoning move. Their main contention

was that the action would decrease their property by one-half its present value.

The area under consideration is on First Avenue from 17th to 18th St. and on Second Avenue from 13th St. to 18th St.

Springer also told the city fathers that even though a property owner had only a shack, he would want a large amount for the structure.

The city planner would not indicate what the "alternatives" would be, but said he would make his full recommendations in a letter to City Manager Gary Gwyn later this

Clifford Hearing Is Today

Pre-trial hearing for William Bond Clifford will be held today in the 16th District Court in Denton.

Clifford, charged with the April slaying of his wife, was moved to Denton on a change of venue May 26 by Judge E. E. Jordan of the 47th District Court in Randall County.

Randall District Attorney George Dowlen flew to Denton this morning for the hearing.

Trial date for Clifford has been set for Aug. 29.

Budget Hearing Is Scheduled

The Canyon Independent School District Board of Trustees will conduct a budget hearing and review for the public at 8 p.m. in the office of Superintendent Huelyn Laycock Tuesday.

The budget, approved by the trustees, has been set at \$1,301,419. Anyone who wishes to ask questions concerning the budget is invited to do so, he stated.

A regular trustee meeting will follow.

Mid-August means that we are on the shank end of the long hot summer. The cooler lengthening nights and shorter days should gradually bring the approach of the pre-fall season.

Wheat is in the headlines these days. Another increase in acreage allotments. The Secretary of Agriculture has called now for an additional 15% increase which means that growers here can plant for harvest, 25% more acres than last year. The original increase of 10% was announced sometime ago. Wheat, the long-time excess commodity and the commodity that presented a formidable problem to agricultural program officials is now in short supply.

Short ranges, dry fields, and the late season could spell a real squeeze for the cow-calf operator in Randall County this winter. The prospect for an adequate roughage feed supply for winter needs is quite

gloomy. Our advice is to salvage all possible forage, even if it is of low quality, and have a little on hand when the going gets rough next winter.

Agricultural economists working for the Texas A & M University Agricultural Extension Service have recently published a report on the economics of sugar beet production. The facts and figures used in this report were taken from producer records in Randall, Deaf Smith, Castro, Parmer, Counties. If you are interested in this report, check with me at the office in the Courthouse.

Seventy six thousand cattle in one feed lot is quite a group of cattle. The Monford Feed yards near Greely, Colo. had this many on feed last week. The feed yards cover an area one mile long and one-half mile wide.

(Continued from Page 1)

Mayor Paul Lindsey said Springer's recommendations would be considered, but that several factors would need to be discussed before a decision could be made. He had earlier promised the property owners affected he would inform them as to when the commission would act on the rezoning.

"I'm old and I need my home," Mrs. Bertie Strain tearfully told the commission at the July meeting.

In a letter to the commission at the time of the meeting, J.S. Clark, manager of industrial development for the Santa Fe Railway, complimented the zoning commission on its decision, as industry would enhance the value of real estate.

If the rezoning is passed by the city commission, an ordinance would need to be written, passed and approved before the rezoning could take place.

Discussing the future growth of Canyon, Springer told the commission that if the city did not expand north and Amarillo south, another incorporated city would grow in between.

He said that West Texas State University and Palo Duro Canyon State Park were important to Amarillo as well as Canyon and suggested that the commission have a representative on an Amarillo airport planning board so the two cities could work together.

Graveside Rites Held

Graveside rites for Gregory Eugene Manley, infant son of Mr. and Mrs. Wilton E. Manley, 2312 14th Ave., were conducted Monday at 10:30 a.m. Interment was at Dreamland Cemetery with arrangements by LaGrone Funeral Chapel of Canyon. The Rev. Newton Starnes, pastor of the First Methodist Church of Canyon, officiated.

Company Request Is Heard

Officials of the Mid-Plains Telephone Company of Tullia appeared before the Randall Co. Commissioners on Monday to explain a \$757,000 project to upgrade telephone service in five counties, Randall, Armstrong, Swisher, Briscoe and Castro.

R.W. Shackelford, manager of Mid-Plains at Tullia, was accompanied by Earl Duckworth and Leon Barnham.

Shackelford stated that contract was let June 21 for the project which will change most rural telephones from eight-party to four party lines.

The telephone officials were requesting the right to place underground cables down county roads, two feet from the shoulder of the road. Objections to this approach were voiced by Clarence Beckman and action on the project was delayed until a full commission was present. Commissioner Glen Dowlen was not in attendance.

A letter from Canyon City Manager Gary Gwyn concerning the city's decision to reject the plan for civil defense consolidation was read to the Commission by Judge Lloyd King.

In other business the Commission canceled taxes on two parcels of land, one that had been taken into the Expressway and one that was improperly taxed.

decision on the matter at a later date.

Lindsey said instead of filing on Wynn for a misdemeanor, he was charged with gross malpractice--a charge which, if proven, could cause a revocation of his license. Under the barber code, which has not been revised Lindsey said since 1927, there is no definition as to what constitutes "gross malpractice."

Wynn contends, said Lindsey, that he was visited last year by Paul Green, a board inspector, who intimidated Wynn should raise his prices to equal that of other barbers in the city. Wynn charges \$1 per hair cut.

Another inspector, O.W. McStay, whose reports on the incident conflicts with two other inspectors, has since been appointed executive secretary of the State Board.

The Canyon lawyer said he was prepared to take the case to District Court should Wynn fail to win the Austin decision.

Highway Project Begins

The Texas Highway Department has announced a new highway construction project beginning 0.5 Mile North of Canyon to 45th Avenue in Amarillo.

The construction will consist of asphaltic concrete pavement, seal coat shoulders and ramp construction.

The Texas Highway Department and the Contractor Gilvin-Terrill Inc. of Amarillo, stated that the construction which began on Monday will be completed by Oct. 1.

William V. York, Supv. Resident Engineer of the Texas Highway Department in the Canyon area explained that traffic will be routed through the project. York pointed out the barricades and warning signs will be prominently displayed, but motorists should exercise extreme caution in passing through the area. Cooperation of the public is urged.

A motion by Bruce of Randall County recommended that the "nomination be by a clear majority (16 votes). Baughman amended this to say "majority of persons present--if they

walkout we're in a mess." To which one county chairman laughingly replied, "I don't think you could run them out."

As Helms made the first official call of the roll nine names were placed in nomination: Jack Young, of Muleshoe, nominated by Bailey Co., farmer and rancher; Rep. Ralph Wayne of Plainview, nominated by Briscoe Co.; former State Sen. Andy Rogers of Childress, nominated by Childress Co.; former County Attorney James P. Linn, of Spearman nominated by Hansford Co.; Judge Max W. Boyer, of Perryton (Ochiltree Co.) nominated by Lipscomb Co.; J. W. Buchanan of Dumas, nominated by Moore Co.; District Attorney Dee Miller of Amarillo, nominated by Potter Co.; former Criminal District Attorney A.W. Lair of Canyon, nominated by Randall Co.; J.R. "Dick" Martin of Hartley nominated by Sherman Co.

Buchanan, who had been nominated as a "favorite son" withdrew his name from the ballot and the first count put Miller in the lead with 11 votes.

Rogers followed with 5; Wayne, Brown and Young with three each; Boyer and Linn with 2 and Lair with one.

The second ballot moved Miller up to 13 with Brown and Rogers still holding at five each. On the third count Miller tallied 14 and the fourth ballot brought majority, 17 for Miller, 12 for Brown and 1 for Rogers. Brown made the motion to nominate Miller by acclamation and Panhandle Democrats approved.

With less than 90 days to campaign, Miller accepted the challenge saying, "I am an enthusiastic and energetic candidate, mature enough to accept the responsibilities. I think to concede he (Price) has an aggressive campaign does not diminish the team effort we can put forth toward winning in November."

"Democrats have been taught to put their shoulders together. To go out and win in November will take a unified effort."

To get this "unified effort" moving, Democratic leaders followed the open meeting with a strategy session which launched the Miller campaign. Deadline: Nov. 8.

'We Owe A Debt' Dr. Hill Declares

BY DR. J.A. HILL
On last Friday, August 5, Dr. Horace W. Morelock, Head of the English Department in the first faculty of West Texas State, passed to the Great Beyond. His imperishable contribution to state and nation, most especially to West Texas makes it appropriate that his record be now called to public attention. This and succeeding generations should profit by his example.

As further introduction to the quality of the man I here quote a gem from his own pen:

"In the redhills of Tennessee is a modest country church crowning an eminence. At the foot of this hill a stream of crystal water swells from the earth and runs laughingly on its way to the sea. Toward the east the highest peak in the Appalachian system with its blue dome, towers toward the sky. In the spring the nearby forest is musical with the voice of birds and fragrant with the scent of dogwood blossoms. In one corner of this little church is Mother's pew. This is memory's picture of my childhood environment, and to me

Mother is the heart of it all. The shrine at Mother's knee and the altar in the country church expand into the temple of the universe, and my spirit bows reverently before the ineffable throne."

I now quote from my own characterization of the man as it appears in my book, "More Than Brick and Mortar", published by ex-students of WT in 1959.

"Nobody but a Master of English with a redeemed soul and a cultivated imagination could have written those lines. Horace Weatherly Morelock, professor of English at West Texas State 1910-1923, began life in the cradle of adversity. His life story is typical of American youth at its best.

Afflicted from birth with the physical handicap of strabismus (cross-eyes) he rose with unconquerable determination and a true mother's prayers, from the little rural school hard-by his childhood home to places of distinction in the graduating classes of three nationally recognized institutions of higher learning--George Peabody College for Teachers, the

University of Tennessee, and Harvard.

The foundation for these scholastic achievements was laid in the early morning of his life. Supplementing a mother's interest in the education of her son Madame Fortune captured his attention with a few choice masterpieces from the world's best literature. Pilgrims Progress and Arabian Nights came into his boyish hands through the courtesy of a neighboring friend. Working hard by day, he sat up nights reading these two classics. "From that time" he says, "life in the country was different to me."

Then, as if she were not satisfied with results, Madame Fortune again intervened. She placed in his hands a newspaper which contained "the ten best poems in the English language." Just for sheer enjoyment he memorized all of them. And that was the beginning of a practice that placed most of the world's literary gems on the tip of his tongue.

These he used with great effectiveness throughout his professional career. As a teacher he kept his students in a state of amazement at his command of literature.

But Morelock's professional career did not consist entirely of teaching. For seven years he was superintendent of Kerrville, Texas, public schools. After thirteen years of teaching at West Texas State he became President of Sul Ross State Teachers College at Alpine in 1923. In this position, at that time the most difficult of all state college presidencies, he saved the institution from legislative extinction and made it a fully accredited college which confers both Bachelor and Master degrees.

In addition to his amazing knowledge of literature, his acknowledged greatness as a teacher, and his unique career as a builder of a first-class college on a thinly populated frontier, Morelock became a central figure in an area as large as the New England states. Never an area problem within one hundred miles of Alpine that he was not looked to for leadership.

His most notable achievement outside his professional career was his fathering of the Big Bend National Park. Almost from the beginning of his residence in "The Alps of Texas," Morelock was a crusader for making this 700,000-acre natural wonder spot a public playground at the state, the national, and/or the international level. He travelled more miles, wrote more articles, made more speeches, interviewed more regional and national authorities and imparted more enthusiasm for this project than did any other man now living or dead. He ought to go down in history as Mr. Big Bend National Park!

And now the curtain must be dropped on the life career of the most intimate friend I ever had during so much of my life in span (1910-1966). My debt and your debt to Horace W. Morelock can never be discharged except through our full acceptance of his example in dedicated living for God and country.

O Death! Where is thy sting?
Oh Grave! Where is thy victory?

Karen Brown now has high average for the girls with 124 and Randall Burton with 118 for the boys.

Hal Brown of the Canyon City Mens Trio rolled a 222 game Tuesday and has a 834 series to lead all bowlers. Other series were Nig Carter, 767;

Ross Black, 731; Burwell Southern, 729; and Danny Douglas, 717.

Friday was the final night of the Summer Mixed Couples league and team six, consisting of Marcella and Lynn Crabtree and Virginia and Charles McCalla, came home in first place by winning four points from team twelve.

Bowling on the number twelve team, which came in second, were Carol and Roger Schrib and Darlene and Carl Hollabaugh. Trophies were awarded to the first and second place teams.

Individual awards went to Sue Miller and Charles McCalla for high point games; Virginia McCalla and Lynn Crabtree for high series; and most improved average awards to Belle Morris and Carl Hollabaugh.

**Veterans
Urged**

Veterans and their children are urged to take advantage of an education program signed by the United States President this spring according to Roy Price of Canyon.

The law, passed by Congress on March 3, 1966, provides educational benefits for veterans who served on active duty with the armed forces after January 31, 1955. The act is known as the Veterans Readjustment Benefit and has an eight year limitation.

Children of disabled or deceased veterans may also be eligible for the educational benefits according to Price. All persons who think they could be eligible for the new program should contact their local Veterans Administration Office.

Many new benefits are due veterans under the new act of Congress according to Price. Veterans and widows should check with the VA office for information on the new changes in the law.

Angus Herd Enrolled AHIR

B. James Lokerst, a registered Angus cattle breeder from near Canyon, has enrolled his herd in the American Angus Association's beef improvement program. The herd is scheduled to be classified in September, by an official representative of the American Angus Association.

The program, called Angus Herd Improvement Record (AHIR), is designed to help cattlemen do a more professional job of breeding by measuring and recording the type, production and carcass producing qualities of his herd. All AHIR records are kept by the American Angus Association and these records are sent regularly on special forms to each Angus breeder enrolled in the AHIR program.

The official classifier will compare every animal in the herd against the ideal type Angus. Each integral part will be analyzed and a total score ranging down from an ideal of 100 points will be assigned to each heifer, cow and bull over one year of age.

When the classification is complete the American Angus Association's breed improvement department will compile a graph showing how the herd averaged on each part, such as feet and legs, head and neck, rump, loin, etc. A graph of each bull will also be made up on a transparent sheet of acetate. By placing the bull graph on top of the herd graph a breeder can quickly determine if his herd bulls can be expected to sire calves that are better on all points than the average of the herd.

Diamond Anniversary For Presbyterians

Rev. Alfred M. Dorsett will be the guest preacher at special 75th anniversary services for the First Presbyterian Church on Sunday morning, August 14.

Rev. Dorsett, pastor of the Good Shepherd Presbyterian Church of Houston, was the church's pastor during the golden anniversary year in 1941.

An "anniversary tea" will also be held Sunday from 3:30 until 5:30 p.m. with a special 75th birthday cake. The tea will be held in Fellowship Hall and is open to present and past members of the congregation and their guests. Over 300 invitations have been sent to former residents according to Rev. John Lars Hamerson, Presbyterian Pastor.

The First Cumberland Presbyterian Church of Canyon City, Texas was organized March 15, 1891 by Rev. A. W. Rogers in the Randall County Court House. The church continued to meet there, in the courtroom, with a Union Sunday School, of which T. C. Thompson was elected as superintendent. Other churches shared the courtroom for divine worship, each denomination taking one Sunday per month.

The original building, which was razed in the last two years, was moved from the square when the present Court House was being built. It will be remembered as Home Canyon, which stood on North Avenue just west of the Fourteenth Street intersection until it was removed recently.

During the pastorate of Rev. C.M. Lotton, the first Presbyterian church building was erected in 1902 at the corner of Fifth Avenue and Eleventh Street, where the R. A. Neblett home now stands.

The present church edifice was built during the pastorate of Rev. W. C. Kunze, and guided by a committee composed of C. R. Burrow, T. C. Thompson, R. P. Jarrett, J. W. Shanklin, Mrs. C. R. Burrow and Mrs. Harvey Cash.

Since the present church was built in 1926, the congregation has added a Christian Education Addition on Fourteenth Street, and two houses have been given to the church which are adjacent to the north and west for Sunday School space. The old Home Canyon property has been purchased and cleared for parking space. Also a four acre site, adjacent to Conner Park, has been purchased from A. E. Brown through gifts of the congregation.

A little over a year ago the Estey Pipe Organ, gift of C. R. Burrow, was extensively renewed and re-styled after many years of service since its installation in 1927. At the time of the re-building of the organ, a restyling of the chancel was accomplished by the congregation and a memorial Rose

Window, honoring the memory of C. R. Burrow and Dr. R. A. Neblett was presented by their wives.

Mrs. Lee Foster was the church organist at the time that the pipe organ was installed and continues to serve the local church as organist.

Chimes were given during the past year, as an addition to the pipe organ. The chimes were donated in memory of Elder William R. Wilson, Robert Parsons, Mrs. R. P. Jarrett, Sr., Mrs. L. A. Donnell, Dr. Harry A. Brown, Sr., Mrs. C. R. Burrow, Charles E. Owens, Mrs. C. W. Nester, Mrs. W. H. Upchurch, Elton Rose Cox, Truett G. Hull, Jr., and Mrs. Ida Cowart.

Since the church was founded pastors serving the congregation have been Rev. C. M. Lot-

September Wedding

MR. AND MRS. Wayne Vincent Wirt, Sr., of Canyon announce the engagement of their daughter, Deborah Jean, to Don Carl Tardy, son of Mr. and Mrs. Carl Tardy of Roaring Springs. First Baptist Church of Canyon will be the setting for the Sept. 10 wedding.

School Fashions For Fall

The yellow-brick road and a fairyland castle set the decoration theme for last Friday's peek at school fashions for fall in the "Land of Oz".

Keynote to fall fashions for children was the casual relaxed look ranging in colors from deep rustic autumn shades to the bright and bold. The waistline on little girl fashions played "hide and seek" and could be found almost everywhere, except at the waistline.

Necklines were also in the news with an accent on the military double breasted look featuring brass buttons and platter size collars.

Sponsored by the Canyon Study Club, the "Visit to the Land of Oz" fashion event was staged at the cafeteria of Canyon High School. Fashions for the preview were furnished by Warren's Department Store.

Guests were seated at sidewalk tables along the yellow brick road as they viewed the assortment of new fall styles. Each table was decorated with fresh cut flowers and candles. Approximately 100 attended the revue.

Narrating the revue in the "Land of make-believe" was Mrs. Eddie Holcomb. Music for the event was furnished by Mrs. Dick Dawdy.

Becky Price, who received the club's scholarship fund this spring, assisted with the youngest models as they presented fashions during the evening.

Mrs. Russell Altmiller was

general planning chairman. Other members of the planning committee were Mrs. Johnny Raymond, Mrs. Don Ray, Mrs. Ronald Taylor, Mrs. Elton Cox, Mrs. Darrell Munsell and Mrs. Charles Brasher.

Door prizes were presented during the evening to Mrs. Bill Davis, a three speed mixer (Bellahs Supermarket); Bill Davis, a box of Hallmark Stationery (Haley Printing); Peggy Holt, Yardley set of perfume and soap (Canyon Drug); Carla Ratliff, racing helmet (Hobby House); Mrs. L.O. Hicks, black and charcoal necklace and earring set (Jennings Dress Shop).

Also to Pam Schonerstedt, a kit of needlepoint (Dan's Fifth Ave.); Mrs. Frank Morgan, decorative teapot (Western Auto); Mrs. Dan Johnson, blown glass beverage set (Cooper's Market); Linda Bailey, set of Tussy Midnight Cologne (The Pharmacy).

Sherry Knowles and Janet Morrow, piggy banks (Moses); Mrs. T. H. Brasher, gift certificate (Thompson's); Mrs. Bill West, kitchen towel set, (Warren's); Mrs. Tom Knighton, large yellow chrysanthemum plant (H. R.'s Flowers and Gifts); and W.W. Yarbrough, electric cordless toothbrush (Byrd Pharmacy).

Proceeds from the event will be used by the club's treasury for a variety of community projects.

Models for the program were Emily and Shelly Davis, Rhona and Kellye Ray, Dee Ann Martin, Mayla Vars, Stephanie Dawdy, Melissa Hicks, Jenny Lair, Debbie White, Kathy Knighton, Jaycene Bellah, Kaysee Martin and Kelly Cox.

Other models were Stanley and Jana Cramer, Mike and Kimberly Britt, Jeana Rae and Chuck Altmiller, Cindy Brasher, Pete Brown, Mike Hunt, Randy Cooper, Nina and Mary Ann Wood, Stephanie Raymond, Cynthia Byars and Rhonda Sutton.

ENTERING THE FAIRYLAND CASTLE at last Friday's "Visit To The Land of Oz" are Jeana and Chuck Altmiller. Among coming fashions, displayed by the two children of the Russell Altmillers, are a plaid with a low waist and corresponding wide collar bow and a complete western outfit for school.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III, to be known as Section 63, reading as follows:

"(1) The Legislature may by statute provide for the consolidation of some functions of government of any one or more political subdivisions comprising or located within any county in this State having one million, two hundred thousand (1,200,000) or more inhabitants. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these political subdivisions, under such terms and conditions as the Legislature may require.

(2) The county government, or any political subdivision comprising or located therein, may contract one or more with another for the performance of governmental functions re-

quired or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. The term 'governmental functions,' as it relates to counties, includes all duties, activities and operations of state-wide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1966, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government."

"AGAINST the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.
HOUSE JOINT RESOLUTION NO. 13 proposing an Amendment to the Constitution of the State of Texas as so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2 of Article VI of the Constitution of the State of Texas be amended, effective February 1, 1968, by deleting the following language:

"and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor."

provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term 'qualified elector' as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation. Any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of en-

tering such service so long as he or she is a member of the Armed Forces."

Sec. 2. That Section 4 of Article VI of the Constitution of the State of Texas be amended by changing the word "may" to "shall" in the last clause thereof and by deleting the words "in all cities containing a population of ten thousand inhabitants or more."

The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new language underscored:

"Section 4. In all elections by the people, the vote shall be by ballot, and the Legislature shall provide for the numbering of tickets and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of the ballot box; and the Legislature shall provide by law for the registration of all voters in all cities containing a population of ten thousand inhabitants or more."

Sec. 3. If any other Amendment to Sections 2 or 4 of Article VI of the Constitution of the State of Texas, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this Amendment shall not be construed as nullifying any change made by such other Amendment.

Sec. 4. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR repealing the poll tax as a requirement for voting."

Missionary Meet Held At Glorieta

Five members of the Calvary Baptist Church Woman's Missionary Union here were among more than 1960 persons attending the WMU conference July 28-August 3 at Glorieta (N.M.) Baptist Assembly.

They are Charlotte Myrick, Jan Brown, Ann Reckling, Daisy Canwell and Wilma Harrison. Emphasizing growth "in grace, and in the knowledge of our Lord and Savior Jesus Christ," the conference focused on the WMU hymn for 1966-67, "O Master, Let Me Walk with Thee."

Sixteen Southern Baptist missionaries from four states and six foreign countries met with conferees daily.

During the separate morning conference sessions, missionaries met with conferees in an effort to alert WMU members to Southern Baptist home and foreign missions efforts. Featured speaker for the morning convocations was Dr. James D. Belote, missionary to Hong Kong.

The conference was sponsored by the Woman's Missionary Union, Birmingham, an auxiliary to the Southern Baptist Convention. WMU, organized in 1888, is a Baptist missionary organization promoting Christian missions through a program of study, prayer, community missions, stewardship and education of youth.

Located 18 miles east of Santa Fe, Glorieta Baptist Assembly is a church leadership training encampment owned and operated by the Sunday School Board of the Southern Baptist Convention.

Held in Oklahoma Memorial Stadium, commencement exercises were conducted with Dr. George L. Cross, OU President conferring the diplomas. He was assisted by deans of the various colleges.

The graduates include 86 students receiving doctoral degrees, 12 the Juris Doctor degree, 1 the Bachelor of Laws degree and 331 students receiving the Masters' degree. The first Doctor of Music Education degree was awarded to T. David Uerkvitz of Bethany.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.
SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water resources; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Laws; providing for long-term contracts for water storage facilities; authorizing the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot; and proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General

Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works

which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the pre-constitution. Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment."

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized."

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when monies are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred."

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

"AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOURTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. HOUSE JOINT RESOLUTION NO. 38 proposing an amendment to Section 2, Article VI, Constitution of the State of Texas, to omit the requirement that members of the armed services vote only in the county in which they resided at the time of entering the service.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2, Article VI, Constitution of the State of Texas, be amended by deleting the following language:

"Any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces."

The text of this Section is shown below, with a broken line through the sentence which is to be deleted:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like man-

ner, the wife may pay the poll tax of her husband and receive the receipt therefor. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation. Any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces."

Sec. 2. The only purpose of the amendment proposed in this Resolution is to make the aforesaid deletion. The adoption of this amendment shall not be deemed to have the effect of readopting the remainder of the Section, and if any other amendment to this Section, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this amendment shall not be construed as nullifying the change made by such other amendment.

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment to allow members of the Armed Forces who are residents of Texas to vote."

"AGAINST the Constitutional Amendment to allow members of the Armed Forces who are residents of Texas to vote."

Sec. 4. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time required by the Constitution and laws of this State.

Sec. 5. If the foregoing amendment is adopted by the proclamation of the Governor declaring the adoption of the amendment shall set forth the full text of the amended Section, as amended herein and by any other proposed amendment which is submitted by the 59th Legislature and which has been duly adopted prior to such proclamation.

"It is the further intention of the Legislature, in submitting this Constitutional Amendment, that the officers and employees of the county or other political subdivision of the state or political subdivision of the county may be included in those systems regardless of whether the county or other political subdivision of the state or political subdivision of the county participates in the Retirement, Disability and Death Benefit System authorized by this Constitutional Amendment, or whether they participate in a System under the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as the same is herein amended."

About \$1,400 in damages were estimated in a two-car accident one mile north of the city, also on US 87.

Officers said a vehicle driven by Edward Stoll, Jr. of La Feria, Tex. struck an automobile driven by Ovie Weatherbee of Amarillo. Stoll was taken to Neblett where he was treated and released.

The third accident occurred when a truck driven by Glen Kerr of Dallas flipped on the Expressway at the West Texas State University Buffalo Bowl. Damages were estimated at about \$400.

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.
